

## Quality Policy

Fulfill the applicable regulatory and legal requirement and other requirements that the organization adheres to and that are related to the quality of products and services rendered and the legislation in force regarding occupational hazard prevention and the environmental factors arising from its activity

- ✓ We are dedicated to meet or exceed our valued customers requirement and expectations
- ✓ Review its Quality Policy through regular management review meetings to ensure that service quality is maintained in line with the customer's requirements.
- ✓ Provide sufficient and suitable resources to implement and maintain the Quality Management System.
- ✓ Provide an environment that fosters a spirit of pride in workmanship and teamwork among employees.
- ✓ Do the right work at first time, rework costs money and time.

Nasiruddin Ansari  
Executive President
